

# This month I will

 **Know My Home**  
Make a list of where my home uses fossil fuels: heat, hot water, cooking, clothes drying, lawn care, gas fireplaces, outdoor grills, and everywhere else

 **Call Mass Save**  
Make an appointment for a home energy assessment

 **Try Induction**  
Borrow an induction cooktop from Memorial Hall Library's "Library of Things"

 **Research Solar**  
Discover solar potential for your home and consider community solar with [energysage.com](http://energysage.com)

 **Attend a Webinar**  
Learn about heat pumps

 **Drive Less**  
Replace one car errand by walking, biking, or using public transit

 **Try an Ebike**  
Visit Soto Cycles in Andover to learn if an ebike is a good choice for me

 **Attend a Webinar**  
Learn about electric vehicles

 **Test Drive an EV**  
Research EVs and test drive one

HOME

TRANSPORTATION

 **Learn More**  
Visit [andoverwecan.org](http://andoverwecan.org) for links and details about these initiatives
